

# Official Microsoft Training

with

## Collaboration Coach

- Learn **Microsoft 365, Teams, Azure** and **Security and Compliance** from official **Microsoft curriculum** courses.
- Taught by a **certified trainer** from a **Microsoft Learning Partner**.
- Study for Microsoft accreditations and get those **blue badges** for your **CV, Learn, Credly** and **LinkedIn** profiles 🤩
- Take the training yourself or with your team **in-person or online**.

## Benefits for you

- **Get hired.** Training and certification validates your skills, which means you'll stand out as a great candidate.
- **Get recognised.** By building skills, you can become an indispensable team member.
- **Get promoted.** Training and certification improves your chances for advancing in your organisation.

## Benefits for your business

- 76%** of IT decision-makers experience critical skills gaps on their teams, a **145%** increase since **2016**.
- 95%** of IT decision-makers believe that **certification adds value** to an organisation.
- 59%** of the IT professionals who left jobs said the reason was **growth and development** and not salary.
